Besides students, this can also work or private. when applying, for example, you do not need to negotiate spelling and grammar. here you should rather have more reading correction, because every error takes you back. Anyone who is generally standing on warlike terms with spelling and punctuation or after a while simply offering blindness for their own text, you can have duden mentor under your arms. the tool optimizes your examples and, in addition to thesis like bachelor or master thesis, also corrects all other manuscripts. to the mentor: find synonyms | pred grammaticale | virgoile | punctuation | Plug-in browser duden | Plug-in plug-in duden word
